

App. No. 10/605,848

REMARKS - General

By the above amendment, Applicants have amended the title to emphasize the novelty of the invention.

Applicant has re-written the claims based on Examiner's comments to be allowable. The new independent claims are based on prior claims 5 and 15 which Examiner said was allowable if they includes all the limitations of 1 and 11.

Conclusion

For all of the above reasons, applicant submits that the specification and claims are now in proper form, and that the claims all define patentably over prior art. Therefore the applicant submits that this application is now in condition for allowance, which action is respectfully solicited.

Respectfully submitted,
